In addition to these, 19 Pie Boys were receiving fixed wages against 15 in the previous year, the enhanced strength of the Pie Establishment being sanctioned in Government Order No.A.F. 5815-16/P.& S.67-40-2, dated 10th February 1941. A Statement - showing the strength of the establishment classified according to communities is appended.(Vide Statement No.VIII)

The Temporary Establishment sanctioned in Government Order Nos. A.F.2063-64/P.& S.11-40-6, dated 13th October 1940 and A.F.6880-2/P.& S.11-40-9, dated 1st April 1941 in connection with the printing of educational text-books in the Government Press,consisted of One Assistant Paper Clerk, 12 Assistant Machine Minders, 20 Binders,3 Invoice Clerks, two Counters, two Proof Examiners, two Readers and 30 Piecework Compositors.

Of this, one post of Proof Examiner and 6 posts of Piecework Compositors have been allocated to the Government Branch Press to cope up with the work of text-book printing - there, as reported to Government in this office letter No.P.180, dated 21st July 1941, and approved in Development Secretary's

Secretary's letter No.A.F.737/P.&S.11-40-2, dated 8th August 1941.

An additional establishment of 6 boys in the Bindery for a period of two years was sanctioned in Government Order No.A.F. 5580-1/P.& S.41-40-4, dated 29th January 1941, to have all loose forms wire-stitched at the corner in units of 100, 50, & 25 - according to circumstances in order to facilitate keeping of - accounts and checking of stock during the time of inspection.

Since it was found that the cost of wire had increased enormously due to war and that it was also not possible to replace wornout parts of wire-stitching machines cheap glue pads are being prepared instead of wire-stitching at corners in units of 100, 50 and etc.

Mr. B. Ranganna, Superintendent, Comptroller's Office, whose deputation was ordered to be continued till the end of - December 1940, in connection with the work of Standardisation of Forms and Registers of the various departments in Government Order No.A.F.1243-4/P.&S.13-40-4, dated 27th August 1940, was appointed as Special Officer for the work of inspection proposed by the Press Committee for a period of one year from 1st January 1941. The appointment of a temporary clerk for the purpose of sorting and keeping the stock of forms was also sanctioned during the year, both the appointments ordered in Government Order A.F.2986-3046/ P.&S.7-40-19, dated 26th November 1940.

The appointment of a full time Typist and a Junior - accounts Clerk of the Comptroller's Office sanctioned for a period of six months in connection with the Standardisation work in Government Order No.A.F.1919-20/ P.& S.13-40-6, dated 30th ~~Sept~~ September 1940 was ordered to be continued for a further period of 6 months from 15th April 1941 for completing the work of - Standardisation of forms, etc., in accordance with Government Order No.A.F.6877-9/P.& S.13-40-8, dated 1st April 1941.

4. Overtime.- The total number of overtime units of 1 hour each worked during the year was 36,275 against 24,902 in the previous year. The cost incurred on overtime amounted to Rs.3,772-8-0 against Rs.2,563-6-0 in the previous year. There has been an increase in the number of overtime units worked during the year and the cost incurred on it, as can be seen from the figures, on account of large number of urgent and rush works received for printing on Sundays and Holidays.

5. Health and Accommodation.- The health of the employees was not quite satisfactory as many of the employees were on long leave on Medical Grounds. There were 5 casualities, 2 of which occurred in the Permanent Establishment and 3 in the Working Establishment, as against 3 Casualities during the previous year.

The question of inadequacy of accommodation still remains unsolved. From the progress made so far by the Public Works Department regarding the construction of "Factory Style" roofed Machine Room sanctioned by Government in June 1940, it is feared that the New Machine Room may not be ready for occupation even next year. During the kind inspection of the Second Member of Council, of the construction of the New Machine Room on 17th May 1941, he was pleased to approve of the immediate putting up of a New Building in front of the Press in line with the Telephone Exchange Building, But this question is till under correspondence and a reference has been submitted to Government in this behalf

behalf in this office D.O.letter No.P.3213 dated 20th May 1941.

In addition to the factory style Machine shed and a suite of rooms to be constructed in front of the Press, the - building of a cycle shed with provision for a small hall for the employees to take lunch, etc., paving the court-yards with Flag-stones to prevent the nuisance of dust-destructive of high speed machines newly installed and providing extra accommodation for the use of the Book Depot to stock the increasing number of - Text-books of the Education Department are of urgent necessity.

furniture required for the ministerial establishments of both the presses. Full supply of furniture was made to the Branch Press by the contractor at a cost of Rs. 327-6-0, while a part supply of it was made to the Central Press at a cost of Rs. 313-0-0 and the balance of articles is still due from the contractor.

The varieties and value of supplies other than paper supplied by the Stationery Depot are included in Statement No. II as required in Government Order No. 7057-106/G.L. 16-18-3, dated 29th November 1916. 1. *Superintendence.*—I held the office of the Superintendent, Government Printing, Stationery Depôt, Stamp Manufactory and Central Book Depôt, Compiler, *Mysore Gazette*, and the Registrar of Authorised Publications in Mysore throughout the official year.

Mr. D. S. Gurubasavappa continued as Assistant Superintendent in charge of the Government Branch Press, Mysore, and Mr. R. S. Mounsey as Sub-Assistant Superintendent to assist the Assistant Superintendent, during the official year under report.

Messrs. D. Daniel, B. Gopala Iyengar and K. Sri Vijayapalaiya held the office of Sub-Assistant Superintendents in the Central Press during the whole year.

Mr. K. Shamanna, who held the office of Sub-Assistant Superintendent in the Central Press till 20th May 1941, was reverted to his permanent post as Head Clerk on that date and Mr. M. A. Sri Rama, Probationer, was appointed as Sub-Assistant Superintendent in the vacant post caused by the reversion of Mr. K. Shamanna, in accordance with Government Order No. A. F. 8416-7—P. & S. 21-40-5, dated 20th May 1941. Mr. M. A. Sri Rama took charge of the office of the Sub-Assistant Superintendent on 28th May 1941, as reported to Government on that date. The re-allocation of work among the several Sub-Assistant Superintendents of the Central Press, consequent on the appointment of Mr. M. A. Sri Rama as Sub-Assistant Superintendent, has already been submitted to Government in this office letter No. P. 3439, dated 7th June 1941.

Of this, one post of Proof Examiner and six posts of Piece-work Compositors have been allocated to the Government Branch Press to cope up with the work of text-book printing there as reported to Government in this office letter No. P. 180, dated 21st July 1941, and approved in Development Secretary's letter No. A. F. 737—P. & S. 11-40-2, dated 8th August 1941.

An additional establishment of six boys in the Bindery for a period of two years was sanctioned in Government Order No. A. F. 5580-1—P. & S. 41-40-4, dated 29th January 1941, to have all loose forms wire-stitched at the corner in units of 100, 50 and 25 according to circumstances in order to facilitate keeping of accounts and checking of stock during the time of inspection.

Since it was found that the cost of wire had increased enormously due to war and that it was also not possible to replace wornout parts of wire-stitching machines, cheap glue pads are being prepared instead of wire-stitching at corners in units of 100, 50, etc.

Mr. B. Ranganna, Superintendent, Comptroller's Office, whose deputation was ordered to be continued till the end of December 1940, in connection with the work of Standardisation of Forms and Registers of the various departments in Government Order No. A. F. 1243-4—P. & S. 13-40-4, dated 27th August 1940, was appointed as Special Officer for the work of inspection proposed by the Press Committee for a period of one year from 1st January 1941. In addition to the above, 7,631 lbs. and 4 ozs. of type valued at Rs. 5,342-2-0 were cast and taken to stock in the Central Press accounts as against 6,809 lbs. and 11 ozs. of type valued at Rs. 4,763-2-0 in the previous year. Four thousand four hundred and forty-three pounds of lead valued at Rs. 1,758-11-0 and 289 lbs. and 8 ozs. of quotations valued at Rs. 108-9-0 were also cast and taken to stock. Miscellaneous additions consisting of type cases, chases and other printing materials valued at Rs. 20,448-1-0 were also made to the plant, bringing the total value of the additions to Rs. 68,433-5-0 against Rs. 78,877-9-0 in the previous year.

(*b*) *Repairs to Machinery.*—A sum of Rs. 595-2-0 was paid to the Central Industrial Workshop, Bangalore, towards major repair charges against Rs. 201-6-0 in the previous year, all ordinary repairs being got executed in the small repair shop attached to the Press, as usual.

(*c*) The carpenters of the Press attended to the requirements of the several branches and scantlings of the value of Rs. 87-8-0 was purchased for the purpose as against Rs. 285-6-10 in the previous year.

3. *Establishment.*—There were 393 paid employees in the Central Press at the close of the year against 394 in the previous year, the decrease of one hand being due to the promotion of the third Senior Probationer, Mr. M. A. Sri Rama, to the Gazetted rank. Of these, 146 were on the Permanent Establishment, 156 on the Work Establishment (Fixed) and 91 on the Piecework Establishment. In addition to these, 19 Pie Boys were receiving fixed wages against 15 in the previous year, the enhanced strength of the Pie Establishment being sanctioned in Government Order No. A. F. 5815-16—P. & S. 67-40-2, dated 10th February 1941. A statement showing the strength of the establishment classified according to communities is appended. (*Vide* Statement No. VIII.)

The Temporary Establishment sanctioned in Government Orders Nos. A. F. 2063-64—P. & S. 11-40-6, dated 13th October 1940 and A. tative Assembly and the Legislative Council, Voters' Lists, Budget Work, Civil List, Census Work, Gazettes Extraordinary, works connected with the Dasara Exhibition and the *Pattabhishekam* of His Highness the Maharaja of Mysore, Local Examinations Question Papers, Criminal Cases, Administration Reports of the Departments, Ballot Papers, Nominal Lists, Works of the Reforms Committee, Audit and Appropriation Accounts and the Speeches of His Highness, the Dewan and the Members of Council. The cost incurred on overtime amounted to Rs. 3,772-8-0 against Rs. 2,563-6-0 in the previous year. There has been an increase in the number of overtime units worked during the year and the cost incurred on it, as can be seen from the figures, on account of a large number of urgent and rush works received fo printing on Sundays and Holidays.

5. *Health and Accommodation.*—The health of the employees was not quite satisfactory as many of the employees were on long leave on medical grounds. There were five casualties, two of which occurred in the Permanent Establishment and three in the Working Establishment, as against three casualties during the previous year.

The question of inadequacy of accommodation still remains unsolved. From the progress made so far by the Public Works Department regarding the construction of "Factory-style roofed" Machine Room sanctioned by Government in June 1940, it is feared that the new Machine Room may not be ready for occupation even next year. During the kind inspection of the Second Member of Council, of the construction of the new Machine Room on 17th May 1941, he was pleased to approve of the immediate putting up of a new building in front of the Press in line with the Telephone Exchange building. But this question is still under correspondence and a reference has been submitted to Government in this behalf in this office demi-official letter No. P. 3213, dated 20th May 1941.

In addition to the factory-style machine shed and a suite of rooms to be constructed in front of the Press, the building of a cycle shed with provision for a small hall for the employees to take lunch, etc., paving the court-yards with flag-stones to prevent the nuisance of dust, destructive of high-speed machines newly installed and providing extra accommodation for the use of the Book Depôt to

stock the increasing number of Text-books of the Education Department are of urgent necessity.

A sum of Rs. 29,697-5-0 comprising deductions and depreciation amount was written off the accounts, leaving the total value of the plant at the close of the year at Rs. 3,16,179-11-0. In addition to the five new machines got during the previous year, eight new machines, of which two are guillotine cutting machines and two folding machines, have been received during this year and are working satisfactorily.

One crown folio size machine purchased at a cost of Rs. 1,604 from Messrs. John Dickinson & Co., Madras, during the year was supplied to the Branch Press, Mysore.

Monotype equipment including moulds and spare parts was purchased from the Monotype Eastern Company, Calcutta, at a total cost of Rs. 16,471-9-9, the parts fitted up and the machines overhauled.

A sum of Rs. 1,300 was sanctioned in G. O. No. A. F. 8221-3—P. & S. 22-40-5, dated 12th May 1941, for the purchase of furniture required for the ministerial establishments of both the presses. Full supply of furniture was made to the Branch Press by the contractor at a cost of Rs. 327-6-0, while a part supply of it was made to the Central Press at a cost of Rs. 313-0-0 and the balance of articles is still due from the contractor.

Articles of the value of Rs. 19,217-13-3, which includes a sum of Rs. 3,977-5-10, being the value of stationery articles, other than paper, supplied by the Stationery Depôt, were received during the year, raising the value of the total stock to Rs. 24,604-14-7. Out of this stock, articles of the value of Rs. 13,077-10-0 were consumed during the year, leaving the balance of stores valued at Rs. 15,527-4-7 in stock at the close of the year. The varieties and value of supplies other than paper supplied by the Stationery Depôt are included in Statement No. II as required in Government Order No. 7057-106—G. L. 16-18-3, dated 29th November 1916. The cost of paper supplied by the Stationery Depôt for printing purposes amounted to

(*d*) *Type and Stereo Foundry.*—During the year 7,631 lbs. and 4 ozs. of type valued at Rs 5,342-2-0 were cast against 6,809 lbs. and 11 ozs. of type valued at Rs. 4,763-12-0 in the previous year. (*f*) *Total Expenditure* (*Statements Nos. III and IV*).—The total expenditure of the Press for the year under the several heads indicated in these statements amounted to Rs. 2,05,890-6-0 against Rs. 2,32,154-15-1 in the previous year, the decrease in expenditure being due to the disbanding of double shift work from 1st September 1940 and some of the posts kept vacant for want of suitably qualified men.

Branch Press, Mysore.

9. (*a*) *Establishment.*—The total strength of the establishment of the Branch Press, Mysore, stood at 121 on 30th June 1940 against 111 in the previous year, the increase being due to the appointment of three additional hands permanently in the Work Establishment as per Government Order No. A. F. 6228-9—P. & S. 97-39-2, dated 13th May 1940, and the temporary entertainment of six piecework compositors as per Government Order No. A. F. 6880-2—P. & S. 11-40-9, dated 1st April 1941 and the filling up of one vacant post of piecework compositor. Rs. 1,35,843-6-8 against Rs. 84,902-9-0 in the previous year (*vide* Statement No. III). The increase of expenditure under cost of paper is mainly due to the increase in the price of paper on account of the international situation. The registers pertaining to Press Stores have been maintained in a satisfactory manner. The stock of store articles was verified in November 1940 and March 1941, the total excesses on the two occasions being Rs. 2-8-5 and Rs. 1-6-8, respectively.

During the year, 281 old books of the Oriental Library were bound. The printing of Sarvarthasiddhi, Vol. II, and Mahabharata (Karnaparva) were completed during the year. The following books are in progress :—

1. Tharkathandava, Vol. IV.
2. Sarvarthasiddhi, Vol. III.

3. Apasthambhasrouta Sutra.
4. Yadavabhyudaya.

The following books are yet to be taken up :—

1. Vakyartharatna.
2. Soundaryalahari.
3. Prakritamanideepika.

Besides the above, eight bookworks of the Railway Department, urgent works in connection with the *Pattabhishekam* and the two Royal Marriages, Kannada Mrichchhakatika, Catalogue of Books of Saraswathi Bhandara, the Speeches of His Highness the late Maharaja and His Highness the late Yuvaraja, special edition of the programme of Mysore-Bharatpur Marriage, printed all in gold, six books of the Education Department and the handbook of the Rural Welfare Centre and some of the works received from the Central Press were completed during the year and supplies made in time.

In addition to the above, the Annual Reports of the School for the Deaf and Blind Boys and the S. P. K. A. and Gunamba Maternity and Child Welfare Trust, the printing works of the Secretary, Mysore Dasara Exhibition Committee, of the President, City Municipal Council and City Improvement Trust Board, Mysore, and the Sandalwood Oil Factory, and the printing of the question papers of the University Institutions and the Educational Department were completed during the year.

The total amount realised from paying departments was Rs. 1,18,712-4-0 against Rs. 86,851-11-0 in the previous year. A sum of Rs. 42,953-9-0 is still due to be adjusted by the paying departments at the end of the year 1940-41 against Rs. 29,295-12-0 at the end of 1939-40. Earnest endeavours are being made to realise this amount at an early date.

(*g*) *The Costing System.*—The system has been in practical use, though not fully working, since July 1940 and is proving itself of value in finding the correct cost of 'jobs'. It also helps in disclosing the individual efficiency of the workmen and in generally controlling the distribution and use of materials. Its full advantages will be felt when the requisite number of assistants for the work are employed and the costing system is introduced in all its aspects.

(*h*) The "Press Day" at the Branch Press was celebrated on 22nd March 1941 instead of 18th February 1941, as in February the Press was busy in printing the question papers of the University examinations and class examinations of the Colleges and High Schools.

(*i*) *Government Branch Press Employees' Co-operative Society.*—There are 56 members and the society is doing useful service to the poor and needy employees of the Press.

(*j*) *Health and Accommodation.*—The health of the employees during the year continued to be very unsatisfactory. Many employees were on long sick leave during the year. The Branch Press is situated in a marshy place below a reservoir and sanitary arrangements are not satisfactory.

On account of the increased equipment, staff and paper stock, the accommodation is found insufficient and arrangements have to be made to increase the accommodation early. Additions to furniture required for the ministerial and Gazetted establishments of the Press were made during the year at a cost of Rs. 327-6-0.

(*k*) *Distinguished Visitors.*—*Rajamantrapravina* K. V. Anantaraman, Esq., B.A., Member of Council, was pleased to visit the Government Branch Press on 16th October 1940 and directed the Assistant Engineer, Headquarter Range, to take up the completion of the incomplete wing of the Press immediately. This work has not yet been taken up. Early steps will have to be taken if congestion is to be relieved and efficiency in handling, etc., is to be increased.

10. (*a*) *Miscellaneous Receipts* (*Government Central Press*).—The cash receipts under this head amounted to Rs. 80,275-1-5 against Rs. 66,733-11-10 in the previous

year, the increase being due to larger realisations under work done for the Mysore Railways.

The result of inspection has proved that generally no regular

The forms and registers were got sorted in each office inspected, stock taken and regular accounts opened and clear instructions given to the offices as to the proper mode of maintaining accounts in future.
